INTELLECTUAL PROPERTY SECURITY AGREEMENT

This Intellectual Property Security Agreement is entered into as of February 28, 2005 by and between **THE CIT GROUP/COMMERCIAL SERVICES, INC.**, a New York corporation, as Lender (as defined in the Financing Agreement) ("**Lender**") and **BADANCO ACQUISITION CORP.**, a Delaware corporation to be renamed Badanco Enterprises, Inc. on or immediately following the date hereof (the "**Borrower**").

RECITALS

Whereas, Borrower and Lender entered into a certain Financing Agreement of even date herewith (the "Financing Agreement") pursuant to which Lender has agreed to provide financing for the ongoing working capital needs of the Borrower. As a condition of the loans, Lender required that Borrower grant to Lender a security interest in certain copyrights, trademarks and patents to secure the Obligations (as defined in the Financing Agreement).

Whereas, pursuant to the terms of the Financing Agreement, Borrower has granted to Lender a security interest in all of Borrower's right, title and interest, whether presently existing or hereafter acquired, in, to and under all of the Collateral (as defined in the Financing Agreement).

Now, Therefore, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, as collateral security for the prompt and complete payment when due of the Obligations, Borrower hereby represents, warrants, covenants and agrees as follows:

AGREEMENT

To secure the Obligations, Borrower grants and pledges to Lender a security interest in all of Borrower's right, title and interest in, to and under its Patents, Copyrights, and Trademarks (as defined in the Financing Agreement), including without limitation those copyrights, patents and trademarks listed on Exhibits A, B and C hereto, and including without limitation all proceeds thereof (such as, by way of example but not by way of limitation, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements, all rights corresponding thereto throughout the world and all re-issues, divisions continuations, renewals, extensions and continuations-in-part thereof.

The security interest is granted in conjunction with the security interest granted to Lender under the Financing Agreement. The rights and remedies of Lender with respect to the security interest granted hereby are in addition to those set forth in the Financing Agreement and the other Loan Documents (as defined in the Financing Agreement), and those which are now or hereafter available to Lender as a matter of law or equity. Each right, power and remedy of Lender provided for herein or in the Financing Agreement or any of the Loan Documents, or now or hereafter existing at law or in equity shall be cumulative and concurrent and shall be in addition to every right, power or remedy provided for herein and the exercise by Lender of any one or more of the rights, powers or remedies provided for in this Intellectual Property Financing

Agreement, the Financing Agreement or any of the other Loan Documents, or now or hereafter existing at law or in equity, shall not preclude the simultaneous or later exercise by any person, including Lender, of any or all other rights, powers or remedies.

Borrower represents and warrants that Exhibits A, B, and C attached hereto set forth any and all Intellectual Property rights in connection with which Borrower has registered or filed an application with either the United States Patent and Trademark Office or the United States Copyright Office, as applicable.

Borrower hereby acknowledges and agrees that Lender may, from time to time and without notice to Borrower, amend Exhibits A, B and C hereto to reflect changes in the Borrower's right, title and interest in, to and under any copyrights, patents and trademarks; provided that Borrower acknowledges and agrees that Borrower's failure to so amend such Exhibits shall not limit or impair Lender's security interest in any Intellectual Property of Borrower.
